

Current affairs for 6th June,2026

1. Where was 10th National Summit on Good and Replicable Practices and Innovations in Public Health Systems held?

- [A] Chennai
- [B] Chandigarh
- [C] Bengaluru
- [D] Hyderabad

Correct Answer: B [Chandigarh]

Notes:

The 10th National Summit on Good and Replicable Practices and Innovations in Public Health Systems was held in Chandigarh as a two-day event. The summit aimed to share best practices, innovations, and successful strategies to strengthen India's public health system. It focused on building a robust and comprehensive healthcare ecosystem under the National Health Mission. The initiative is expected to benefit health workers, frontline staff, and beneficiaries like pregnant women and children through improved record management. The summit highlighted how state-level innovations can be scaled up at the national level for better healthcare delivery.

2. The 11th Heads of Mission Conference was held in which city?

- [A] New Delhi
- [B] Chennai

[C] Hyderabad

[D] Bengaluru

Correct Answer: A [New Delhi]

Notes:

Narendra Modi addressed the 11th Heads of Mission Conference in New Delhi. The conference was organised by the Ministry of External Affairs from April 28 to 30. The theme of the conference was “Reforming Indian Diplomacy for 2047.” Discussions covered geopolitical developments, emerging technologies, and future-ready diplomacy. The event aimed to strengthen India’s global diplomatic strategy and national interests.

3.Which state has launched the “Khuarel” mobile application to strengthen disaster response mechanisms?

[A] Nagaland

[B] Tripura

[C] Mizoram

[D] Assam

Correct Answer: C [Mizoram]

Notes:

Mizoram has launched the “Khuarel” mobile application to strengthen disaster response mechanisms. The app is a real-time disaster incident reporting and management system. The application enables citizens to quickly report disaster-related incidents. It improves coordination and information flow during emergencies. The system enhances timely decision-making and disaster management effectiveness. Mizoram is among the first states in Northeast India to adopt such an advanced digital solution. The initiative reflects the

growing use of technology in disaster preparedness and response.

4. World Tuna Day is observed annually on which day?

[A] May 1

[B] May 2

[C] May 3

[D] May 4

Correct Answer: B [May 2]

Notes:

World Tuna Day is observed annually on May 2 to promote sustainable fishing and conservation of tuna species. The observance is supported by the United Nations along with governments and non-governmental organisations. In 2026, it is observed on Saturday, May 2. Nearly 7 million tonnes of tuna are harvested annually, making it vital for global food security. Tuna species, especially Bluefin tuna in the Northern Pacific, are threatened by overfishing. Around 51.7% of global tuna catch is currently certified as sustainable. The day emphasises responsible fishing practices and long-term conservation of marine resources.

5. Udayan Fort, that was recently seen in news, is located in which state?

[A] Uttar Pradesh

[B] Madhya Pradesh

[C] Rajasthan

[D] Gujarat

Correct Answer: A [Uttar Pradesh]

Notes:

Udayan Fort is a historic site dating back nearly 2,500

years to the era of the Vatsa Mahajanapada. It is located in Kaushambi, Uttar Pradesh, on the banks of the Yamuna River. The fort is associated with King Udayana, one of the sixteen Mahajanapadas. King Udayana was known for his military strength, diplomacy, and patronage of culture. The fort is now set for restoration to preserve its historical and cultural significance.

6. Girnar Wildlife Sanctuary is located in which state?

[A] Rajasthan

[B] Gujarat

[C] Karnataka

[D] Kerala

Correct Answer: B [Gujarat]

Notes:

Girnar Wildlife Sanctuary has witnessed a demand from a committee of monks to remove its eco-sensitive zone (ESZ) status. The eco-sensitive zone status was notified about ten years ago to protect the region's fragile ecosystem. The demand aims to allow unrestricted organisation of religious activities in the Girnar hills. The sanctuary is located in Junagadh district of Gujarat in the Saurashtra region. It is an ecologically important area that supports around 54 Asiatic lions.

7. Hantavirus, that was recently seen in news, is mainly transmitted by which species?

[A] Mosquito

[B] Rodent

[C] Housefly

[D] Fruit Bat

Correct Answer: B [Rodent]

Notes:

A suspected outbreak of hantavirus on a Netherlands-based cruise ship has caused deaths and illnesses. Hantavirus is a rodent-borne virus transmitted to humans through inhalation of airborne particles from rodent droppings, saliva, or urine. It causes two major diseases: Hantavirus Pulmonary Syndrome (HPS), affecting the lungs, and Haemorrhagic Fever with Renal Syndrome (HFRS), affecting the kidneys. Symptoms begin with flu-like signs such as fever and fatigue, followed by respiratory distress after a few days. There is no specific treatment, and management mainly involves supportive care such as rest and fluids.

8. Who has been appointed as the Chairman of Prasar Bharati?

- [A] Shekhar Kapur
- [B] Prasoon Joshi
- [C] Vikas Kumar
- [D] Neelesh Ranjan

Correct Answer: B [Prasoon Joshi]

Notes:

Prasoon Joshi has been appointed as the Chairman of Prasar Bharati. Prasar Bharati is India's autonomous public service broadcaster functioning under the Ministry of Information and Broadcasting. It was established under the Prasar Bharati (Broadcasting Corporation of India) Act, 1990 and became operational in 1997. Prasar

Bharati comprises two major divisions: All India Radio and Doordarshan.

9. The Methane Alert and Response System (MARS) is an initiative of which organization?

- [A] Intergovernmental Panel on Climate Change
- [B] United Nations Development Programme
- [C] United Nations Environment Programme
- [D] International Energy Agency

Correct Answer: C [United Nations Environment Programme]

Notes:

United Nations Environment Programme's International Methane Emissions Observatory (IMEO) announced the expansion of the Methane Alert and Response System (MARS) to include coal mines and waste facilities. MARS is the world's first public global satellite-based methane detection and notification system. It was launched by the UNEP's International Methane Emissions Observatory (IMEO). The system was announced at the Conference of Parties (COP) 27 in 2022 and entered pilot phase in 2023.

10. Which ministry released the Annual Survey of Unincorporated Sector Enterprises (ASUSE) 2025 report?

- [A] Ministry of Finance
- [B] Ministry of Commerce and Industry
- [C] Ministry of Statistics and Programme Implementation
- [D] Ministry of Labour and Employment

Correct Answer: C [Ministry of Statistics and Programme Implementation]

Notes:

The Ministry of Statistics and Programme Implementation released the Annual Survey of Unincorporated Sector Enterprises (ASUSE) 2025 report. The number of establishments in the unincorporated non-agricultural sector increased from 7.34 crore in 2023–24 to 7.92 crore in 2025, registering 7.97% growth. The “Other Services” sector recorded the highest growth in establishments, followed by manufacturing and trade. The sector provided employment to around 12.81 crore workers, adding over 74.52 lakh jobs compared to the previous survey. Uttar Pradesh, West Bengal, and Maharashtra accounted for more than one-third of total employment in the sector.
